

Clean up your own psychological problems

I installed an automatic translator on the pages of my site www.sviyash.ru for self-release from only two problems so far. You can independently get out of any conflict and establish any relationship here <https://sviyash.ru/workpages/otnosheniya/> . And you can cleanse your body of the remnants of negative experiences here https://sviyash.ru/workpages/ochistka/?clear_cache=Y . Hopefully this will help people to use my technique, even if they don't know Russian. If there are any mistakes, write to me via Contacts, and we will fix everything. Use it.
